

# JOSH BOLLER

Vice President of Sales

**CORK**  
MEDICAL

## FAVORITE HOBBY OUTSIDE OF WORK?:

Golf (when I play well). Really just spending time with family and friends is most fulfilling.

## PROUDEST ACCOMPLISHMENT?:

My kids are happy, healthy, and all-around great people.

## IF I COULD LIVE ANYWHERE IN THE WORLD FOR ONE YEAR:

I'll say Greece. Never been there but seems like a good place to spend a year.

## THE MOST ADVENTUROUS THING I HAVE EVER DONE?:

Probably skydiving.

## LEADERSHIP ADVICE?:

I'm always reading 1-2 books and striving to grow personally and professionally. Also, learning from others who are successful; Rehab Industries has so many talented people that I get ideas from and implement what they've done that's worked well. Finally, if you sincerely care about people and sincerely care about the company and do the right thing, it's hard to go wrong.

## WHAT DRIVES YOU?

Being a part of something bigger that does good. Providing products that help people and seeing people's lives be positively impacted by a great company (patients, customers, and employees). From there, it's all about growth and being the best at what you do. Being part of a growing company and seeing firsthand what can be accomplished when everyone comes together is special.
